

JOB DESCRIPTION

ENHANCED LEARNING TEACHER

The Enhanced Learning Teacher is employed to work with children and young adults in primary and secondary who need extra support or require an advanced program of education in order to complete their learning successfully. Special Education Needs (SEN) teachers may work with individuals who are physically disabled, sensory impaired, have speech and language difficulties such as dyslexia, have a mental disability such as autism, are emotionally vulnerable or have a combination of these disabilities. At XLIS the Enhanced Learning Teacher may also work with gifted and talented individuals. A key aspect of working in this field is identifying individual needs and being responsible for creating a safe, stimulating and supportive learning environment.

LOAD

This full-time load incorporates working as an Enhanced Learning Teacher across the whole school.

KEY ACCOUNTABILITIES

Inspire and drive the development and implementation of the Enhanced Learning department.

Advise which students need to have Psychological Educational testing in order for XLIS to be able to fully support them.

Develop and monitor Individualized Education Plans for students who have taken Ed-Psyc assessments.

Manage a balanced caseload of students from the primary and secondary school. Prioritizing students most in need of support.

MAIN TASKS

- Teaching either individuals or small groups of students within or outside the class.
